## PE AND SPORTS GRANT: 2016-17

The PE and Sports Grant is an element of school funding aimed to improve the provision of PE and sport for all primary-aged pupils so that they can develop healthy lifestyles.

The government has been providing funding of 150 million per annum since 2013/2014 to provide new and substantial primary school sport funding. The funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children. Each school will receive £8,000 plus an extra £5 per pupil each year for the next two years – at Shellingford CE (A) Primary School that will mean around £8345. This money can only be spent on sport and PE provision in schools.

Schools are required to demonstrate that the funding impacts on:

1. Achievement in weekly PE lessons
2. Participation in competitive school sport
3. Personal health and well-being
4. Attitudes and behaviour towards learning

Below is a summary of how we have used this funding in 2016-17 to support our pupils' learning.
