PE AND SPORTS GRANT: 2017-18

The PE and Sports Grant is an element of school funding aimed to improve the provision of PE and sport for all primary-aged pupils so that they can develop healthy, active lifestyles.

The government has been providing this funding since 2013/2014. The funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children. For 2017-18 academic year each school will receive £16,000 plus an extra £10 per pupil – at Shellingford CE (A) Primary School that will mean around £16,750. This money can only be spent on sport and PE provision in schools.

Schools are required to demonstrate that the funding impacts on:

1. Ensuring that all pupils engaging in regular physical activity
2. Promoting and celebrating physical activity throughout the school
3. Levels of confidence, knowledge and skills of staff
4. Providing a broad and varied range of sports and physical activities
5. Increasing participation in competitive sport

Below is a summary of how we have used this funding in 2017-18 to support our pupils' learning.
