**Many thanks to those parents who kindly responded to the questionnaire. We had responses from 40 of the 68 school families. We are just delighted by the number of incredibly positive responses, and the fact that 100% of the responses indicated that you would recommend this school to another parent.**

**In addition, 100% agreed that their child is well looked after and feels safe at school. Overall 91% of responses are entirely positive and we were particularly pleased that 98% of children are happy at school and that the school responds well to any concerns raised.**

**Whilst this is all very positive we are as a school constantly looking to move forward and develop further, therefore we have looked at the data in detail and also the further comments section:**

**We endeavour to keep parents fully informed of the curriculum covered via the Class Curriculum Newsletters which are emailed to all parents at the start of term. Please remember that our [school website](#) contains a detailed Curriculum Overview for each class and the website is also updated regularly with diary dates, newsletters, policies and other key information about the school for parents to access.**

**The majority (98%) felt they were kept fully informed of their child's learning, 98% also felt that parents receive helpful information from the school about their child's progress. We try to keep parents regularly informed of their child's progress and we are keen for parents to be involved in their child's education. Please do not feel you have to wait for a questionnaire to forward your views, if you have any concerns at all we hope you can come and talk to us as we want to address any issues immediately.**
